Sounds good. We would really like to have this meeting in the 11 - 2 time slot on the 29th. Unfortunately, our office is unavailable.

We are expecting four members of our technical team - Burt Shephard, Jennifer Peterson, Mike Poulsen and John Malek. Chip and I will attend. There may be one or two others (e.g., Jim Anderson). So how about an estimate of 6 - 8.

Eric,

We will need to hold the meeting on the 29th later in the day. The informal discussion was scheduled for an 11 am start, directly following our usual Wednesday internal LWG meetings, as it was a small group that could be accommodated at our usual meeting location and did not require any set up. The benthic check in will need to be held at a larger location and we will time to set up. Can we start at 12:30?

Thank you,

Jennifer, we would prefer that we hold the meeting on the 29th between 11:00 am and 2:00 pm and begin looking for an alternate date for the FS tools meeting.

Thanks, Eric

in

Eric, Chip,

The LWG is available to hold the benthic check in on the morning of Friday, October 1st. An additional option is to hold the benthic check in the afternoon of Wednesday, September 29th and postpone the FS tools analyses informal discussion. Carl has identified that the FS tools discussion is not time critical and can be held later.

Please let me know if the EPA team is available to meet on either the morning of Friday, October 1st or the afternoon of Wednesday, September 29th.

Jennifer, we also need to find a date and time for the benthic FS meeting. I would prefer this meeting to take place the week of 9/27. However, early the week of October 4th is also a possibility. Can you check with John Toll and Carl Stivers (and any other key LWG personnel) as to their availability.

Thanks, Eric

Subject: RE: Revisions to EPA Non-directive RI, BERA and BHHRA Comment Meeting Schedule

Chip, Eric,

As discussed yesterday, the September 16th LWG - EPA meeting has been revised to a discussion of the directive comment responses and the process for the non-directive comments. The meeting will be held from 9 am until noon in EPA's conference room.

The BERA non-directive comments meeting, previously scheduled for September 16th, and the September 21st non-directive RI comments meeting need to be rescheduled. We will discuss dates for these meetings on September 16th.

Please let us know if you have any questions.

Subject: EPA Non-directive RI, BERA and BHHRA Comment Meetings with LWG Scheduled

Chip, Eric,

As discussed at Friday's directive comment meeting, meetings have been scheduled to discuss the non-directive comments.

Thursday, September 16th - BERA comments
Tuesdays, September 21st - RI comments
Monday, September 27th - BHHRA comments

The meetings will be held from 9 am to 3 pm. The location is to be determined.
